## Welcome to Spring 2010!... Well Almost

Another grey winter is almost behind us. Time to move on to Fun in the Sun...Summer in Michigan! Hard to believe this is the beginning of my 28th year in the lawn maintenance industry. WOW!

Troy in 1982

I just want to take a few lines of print to say a heartfelt "Thank you!" to every single one of you. It continues to be a pleasure to help you maintain your homes, condominiums and businesses. And for those of you that allowed me to design and build your entire yard - "Thank you!" for the opportunity to be creative. Please call us to come back and give you a "Make Over." When you call, we will give you a complimentary sprinkler "Turn On" just for inviting us back to prepare a "Make Over" plan.

Tell a neighbor or friend about us! When they hire us... CASH THIS IN!!
